Class Information: The course meets Monday through Friday, Cos 1 AM in the morning and Cos 1 PM in the afternoon at the Central Campus. Students receive 20 credits.

1. Course Description

The cosmetology field offers opportunities for a variety of employment avenues as well as experiences in travel, personal satisfaction, and financial independence. Students will develop skills in hair design and cutting, nail and skin care, personal appearance, communication and business skills. These skills will be learned through demonstrations on mannequins and by working with fellow students.

2. Instructional Philosophy

Students will be expected to meet all the course proficiencies listed below and be able to demonstrate their understanding of underlying concepts. The instruction will be a combination of laboratory and application based, as well as lecture and demonstration. The course is comprised of basic instruction in related studies and practical skills training. Students' assessment will be based on teacher observation, and both academic and skill development. If necessary, students will be given more than one opportunity to complete assignments to meet course standards, but all students will complete course requirements at a minimum of 76%.
