I understand the HCP Cosmetology clinic is a school which instructs students who wish to become cosmetologists. The stylists who will perform the work upon me are students and not fully trained, licensed professionals. Because of their inexperience, there is a risk that I could be injured or sustain damage. I agree to assume the risk of any injury or damage that I might suffer and agree to waiver my right to make a claim against the student, school, instructors or any school personnel for any injury or damage. I fully understand that it is a release of liability and I sign this of my free will.
